Your prescription gives you more for your money than ever before. Many an illness that now can be cured in a few days with one checkup by your doctor and one prescription, formerly took weeks .. involving repeated visits from the doctor, continuing medication, lengthy hospitalization, loss of health is less expensive today than ever before. It is the best investment you can make.

Elba Drug

You may owe your life to a CONCRETE PAVEMENT

You can see farther and stop in a shorter distance on concrete, the safety pavement because: 1. Concrete's light-colored surface reflects up to four times more light than dark-colored pavements. You

see pedestrians, obstructions and other driving hazar ds cooner and have more time to slow down or stop. 2. Concrete's gritty surface has uniformly high skid resistance, wet or dry. Your tires get a firm, tight grip, permitting quick stops without skidding.

Your license fees, gas and other taxes pay for roads and streets. Insist that they be paved with the safest possible pavement-concrete. It may save your life. PORTLAND CEMENT ASSOCIATION 620 North 22nd Street, Birmingham 3, Alabama

The Dutch are on the right line in proposing a flexible wage which will rise or fall in accordance with changing economic conditions. If an industry is selling all it can produce, increased wages are indicated. On the other hand, if business is slack, costs are probably too high and more might be sold at a somewhat lower wage, thus creating more

JACKIE GLEASON HONORED: For his "gene an acknowledgment award of the national Sister Elizabeth Kenny Foundation, Minneapolis, Minnesota, by Marvin L. Kline, executive director. In a TV appeal for public contributions to the 1955 annual Kenny fund, Gleason points to the Kenny Treatment for polio victims as their best chance for return to normal living. Kline, in thanking Gleason for his help, declared that Kenny facilities across the country continue to provide treatment to victims of polio and to rehabilitate persons crippled by the disease in the past.

Kenny Therapist Role Important In Treatment of Polio Patients
